

Security Services

CBM Corp's Security Services Division can tailor a comprehensive security program specific to your organization's needs. CBM's stringent screening, training and hiring process insures the delivery of reliable security services.

CBM specializes in the securing of all of your key assets such as your property and your often vulnerable inventory. In addition CBM's security division will supply qualified security officers that will keep a watchful eye on the safety of your personnel, tenants and guests.

Backed by the CBM family of commercial building services you can be sure that in this critical area of security, CBM's comprehensive range of experience will provide you with quality, value and peace of mind.
